Casino Magic hits jackpot

BY TRACI BONNEY

Casino Magic officials are basking in the glow of a successful opening night.

General manager Al Kokesch said the floating casino at Bay Cove was packed all night following the 5 p.m. ribbon cutting Wednesday.

"The security people tell me that by 8 p.m., we already had 4,000 people there," he said.

Developer Marlin Torguson said he also was pleased with the first night's turnout.

The grand opening didn't come without its problems. A dividing wall that didn't arrive on time forced the casino to open with only one ladies' restroom; and about 250 of the casino's 600 slot machines were not communicating properly with the monitoring computer. By Friday, however, the glitches were smoothing themselves out.

Now, Casino Magic officials are looking toward the future. Torguson closed a deal Monday to buy the Pete Fountain property next to the Bay bridge; and he and other top personnel with the dockside casino/destination resort met Thursday with representatives of Palmer Course Design Company, the golf course design firm started by pro golf legend Arnold Palmer.

Torguson said he does intend to develop the Bay bridge site, but has no definite plans formed yet.

"I just felt it was time to close the deal," he stated.

As for the golf course at the Bay Cove site, he said Casino Magic is talking with four other design firms in addition to Palmer's. "We want to talk with several groups, to see which one we want to work with, which one we can work with the best to get the results we desire."

Voters choose November 5 between beat, unit systems

BY TRACI BONNEY

On November 5, voters will have a chance to decide whether or not to keep the unit system in Hancock County.

However, they may not realize that's what they are voting about.

By state law, the ballot for the referendum is required to have printed on it the question: "Do you want to require the county to operate under the countywide system of road administration?" with "YES" and "NO" on separate lines underneath.

Translated, the ballot will ask you if you want to keep the unit system.

Under the beat system, each supervisor was allowed to have his own road crew and make his own purchases. This system was voted out of Hancock Coun-

ty by special referendum in 1986, some two years before the issue came before the rest of the state and a year before the results became widely known of Operation Pretense's crack-down on corruption among supervisors.

Under the unit system, supervisors take on a more administrative role while road matters are handled by a road superintendent.

Regardless of which system operates in a county, state law now requires that purchasing be handled through a county purchase clerk.

So, voters will decide on November 5 whether they want the supervisors to continue under the unit system, with road matters being handled by

Off and running

Seventy-three runners competed Saturday in the Inaugural International Food Fest 5K Run in spite of inclement weather. The event was sponsored by the Gulf Coast Running Club and was held in conjunction with Our Lady Academy's International Food Fest, which concludes today. Overall first place finishers were Leonard Vergunst of Ocean Springs, 16:13, and Maureen Koch of Bay St. Louis, 19:38. There were five participants in the one-mile health run and walk. Constitutional amendments on Nov. 3 ballot explained

Special to the Echo
Presidential politics may be on many Mississippi voters' minds right now, but we've got serious business of our own on the ballot Nov. 3 — 174 seats in the Mississippi Legislature, as well as for Congress, Supreme Court, election commissions and school boards.

There are also special elections, as well as eight constitutional amendments on the ballot. The following amendments, in the order in which they will appear on the ballot, are described in layman's terms:

NO. 1.—THE LOTTERY
Senate Concurrent Resolution 512—The Lottery

Amendment.
Undoubtedly, this is the most widely-known and controversial amendment on the ballot. Many people think this amendment sets up a lottery for Mississippi. It does not. All it does is delete Section 98 of the Constitution, thus removing the prohibition against lotteries, sales of lottery tickets, and lottery advertisements.

If the amendment passes, it will be up to another session of the Legislature to determine if Mississippi has a lottery, and if so, how it will operate.

NO. 2.—COURT DISTRICTS
Senate Concurrent Resolution 526—Circuit, chancery court districts.

Mississippi's constitution limits the state to 20 circuit court districts and 20 chancery court districts. This amendment would give the Legislature the authority to determine the "appropriate" number of circuit and chancery court districts, as well as the number of judges in each district, to be determined by such criteria as

Clermont installs first dry hydrant

BY T.H. (DOC) TOUPS
Residents of Clermont Harbor Fire District became safer from the threat of fire Thursday, with the installation of the county's first "dry hydrant."

Dry hydrants are non-pressurized fire hydrants with pipes running into a water reservoir, such as a lake or bayou. Fire pumper trucks can tap into them in remote rural areas which do not have municipal water supplies.

Clermont Harbor Volunteer Fire Department Chief Charles M. Jackson said he had originally proposed the dry hydrant project in 1984, though funding was not available at that time.

Former Hancock County Fire Marshal Jay Marsh incorporated the idea into his five-year

county fire protection plan in 1986.

According to Marsh, the new installation is one of three hydrants in the Clermont district for which funding, permitting and equipment have already been secured. The other two hydrants are scheduled to be installed in the near future.

According to Norma Ritch, secretary of the Hancock County Soil and Water Conservation District, the Hancock County Board of Supervisors provided funding and equipment for the project.

She said her agency and the U.S.D.A. Soil and Conservation Service provided technical and planning assistance. Volunteer firefighters provided the construction labor.

Bay St. Louis Little Theatre actresses Carmen Jones (left) as Elizabeth, Donna Mellott as Hattie and Susie Garriga as Amy Lee rehearse a scene from the first act of 1959 *Pink Thunderbird Convertible*, a two-act comedy by James McLure. The action in Act I centers on the discontent and gossip of three small-town wives whose marriages have turned out to be less than they hoped for, while Act II revolves around two bawdily rambunctious Texas brothers, Ray (played by Robert DiStasio Jr.) and Roy (played by Mark Buchanan). Roy, the older brother, cherishes three things above all: his country, his sexy young wife Elizabeth, and his 1959 pink Thunderbird convertible, not necessarily in that order. The behind-the-scenes folks include Donnie Lloyd on set design, construction and decoration; Roy Aultman, set construction; Karen Flores, programs; Kathleen Sick, hospitality; Kiersten Byrd, makeup/hair; Phyllis McDonald, lights; Greta Darrow, production manager; and Donna Mellott, poster. Tickets are \$7.50 for the 8:15 p.m. performances on October 9 and 10 at the Playhouse on Boardman Avenue. No reservations are necessary. (Photo by T. H. "Doc" Toups)

a centralized department, or whether they want the beat system to be reinstated and each supervisor to have his own road crew.

The supervisors themselves are split on their preference. According to a recent informal survey of the board, Howard Lizana and Alton "Dolph" Kellar said they favor the beat system; Mike Ladner and Wilmer Seymour said they prefer to stay with the unit system; and Robert Peterson voiced no preference.

The unit/beat system referendum is one of many being placed on the November ballot along with the elections for president, Congress, the State Legislature and the county election commission.

Burglars sentenced

Three of four county men charged with burglaries, committed the beginning of this year, will participate in the Regimented Inmate Discipline Program at Parchman.

Damon Scott Foy, 20, of Kiln; David Babineau, 18, of Clermont Harbor; and Billy Osborne, 18, of Waveland, were sentenced up to 180 days at the state penitentiary, while Arnold Jackson, 37, of Lakeshore received a 10-year suspended prison sentence and 4 years probation.

Total items stolen from Hancock County and Pass Christian were valued at \$30,000, including jewelry, weapons and electronic equipment.

population, the number of cases filed, etc.

Redistricting would occur after each federal census. If the Legislature fails to redistrict these courts by Dec. 31 of the fifth year after each census, the Supreme Court will do so. The amendment also notes that these court districts will not change until they are redistricted by the provisions of the amendment.

NO. 3—SUBSTITUTE GOVERNOR'S SALARY
Senate Concurrent Resolution 527—Governing officer's salary limited.

Under current law, when the governor is out of the state or unable to perform the duties of office, the officer performing those duties receives his regular salary plus a pro-rated portion of the governor's \$75,600 annual salary.

The lieutenant governor usually is that officer. In that example the lieutenant governor would receive his regular salary of \$40,800 per year (plus extras of per diem, office expenses, and travel when applicable) plus a portion of the governor's salary.

This amendment would stop that practice and limit the substitute governor's extra compensation only to what the governor would be entitled. So, instead of being paid the lieutenant governor's compensation plus the governor's, the lieutenant governor would be paid only what the governor would be due for that period of time (plus the customary extras of the lieutenant governor's office.)

NO. 4—CHARITABLE BEQUESTS

House Concurrent Resolution 86—Charitable bequests. Section 270 of our 1890 Constitution states that a person cannot will any part of his estate to a charity, religious, educational or civil institution within 180 days of his death, and puts a time limit on how long that property can be held. This amendment would repe-

al the entire Section 270.

NO. 5—OIL AND GAS LEASES
Senate Concurrent Resolution 552—Oil and gas leases on 16th Section land.

Oil and gas leases usually extend beyond the specified term of the lease if the wells are producing. Recently, the Mississippi Supreme Court interpreted this section (211) of the Constitution as prohibiting oil and gas leases on 16th Section land from extending beyond the lease term, even if the well is producing.

This amendment would permit 16th Section oil and gas leases to continue as long as the well is producing.

NO. 6. LIEUTENANT GOVERNOR TERMS
Senate Concurrent Resolution 525—Lieutenant governor's terms.

Currently, there is no limit on how many terms Mississippi's lieutenant governor can serve. This amendment (to Section 128) limits the lieutenant governor to two consecutive terms.

However, the term limitation is not absolute; the person who has been lieutenant governor two terms in a row can wait for another term to pass and run again, potentially for two straight terms. Conceivably, this pattern could be repeated as long as the voters choose to keep that person in office.

NO. 7—FEDERAL FELONIES AND HOLDING OFFICE

House Concurrent Resolution 46—Losing your right to hold public office because of a felony conviction, other than Mississippi.

Today, a Mississippi felony conviction costs a person his right to run for public office. No such provision exists for felony convictions in federal court or the court of any other state.

This amendment to Section 44 would mean the loss of the right to run for public office if a person has a felony conviction

in any state or federal court. The prohibition would affect only those persons convicted after the amendment is passed.

NO. 8—INITIATIVE
Senate Concurrent Resolution 516—Initiative for constitutional amendments.

This amendment to Section 273 provides for constitutional amendments proposed by the people, in addition to the Legislature. Amendment supporters have 12 months to gather signatures from at least 12 percent of the votes cast in the latest governor's election, with no more than one-fifth of the total coming from any single congressional district.

This is "indirect" initiative because the amendment proposal must first be considered by the Legislature. A majority of each House must adopt the amendment or it goes on the next statewide general election ballot. If an amended version is approved, that version also will go on the ballot for voters to choose between the two.

For passage by the voters, an amendment must receive a majority of the votes on it, plus at least 40 percent (a so-called "super-majority") of the total votes in the election.

To win passage, each of these amendments must receive a majority of the votes cast on that particular ballot issue.

The above information was submitted by the office of Secretary of State Dick Molpus. For additional information, call 359-1350.

UW kickoff set Oct. 7

Veteran United Way volunteer and Sun Herald President-Publisher, Roland Weeks Jr., will challenge campaign workers to new levels of fund-raising achievement at the Oct. 7 community campaign kickoff breakfast for United Way of South Mississippi's Harrison County division.

The event also marks the first time campaign volunteers from Harrison, Hancock and Pearl River counties are coordinating their efforts as members of the newly formed United Way which serves those counties, according to Coastwide campaign chairman Ronnie Bates.

Across the three counties, 52 health and human service agencies receive funding from United Way of South Mississippi, Bates said. And over 350 community volunteers are actively involved in the annual fund-raising.

The 7:15 a.m. breakfast will be at the Great Southern Club in Gulfport. Volunteers and agency representatives attending will be guests of sponsoring Coast businesses.

Bates is also chairing the Harrison County division of the United Way of South Mississippi campaign.

EDITORIAL

Public forum
a must for all
to attend Tues.

A public forum is scheduled for Tuesday, 7 to 9 p.m. at the Hancock County Civic Center, Longfellow Road. Sponsored by the Hancock County Chamber of Commerce, the forum will address the topic of "The Unit System vs. The Beat System, What Are the Facts?"

Guest speakers will include Travis Alford, president of the Mississippi Association of Supervisors, A.A. (Dolph) Kellar, Hancock County District Two Supervisor, Lincoln Warren, senior vice-president of the Mississippi Economic Council, and George Touart, county administrator for Jackson County.

This is a very important event, as it will deal with an issue to appear on the ballot in the November General Election.

As most of you know, Hancock County changed from the beat system to unit system of operation some years ago.

A petition has been presented with the required number signatures to bring the issue up once again for a vote to return to the former system.

The chamber has assembled speakers to address both sides of the issue.

You, as a citizen, will be affected by the vote held in November. This will be an opportunity for you to hear the facts, before you go to the polls on November 3.

You need to be at the Civic Center on Tuesday, as the decision made in November will affect your pocket book for years and years.

LETTERS TO
THE EDITORSentenced to Read
program commended

Dear Editor:

In regard to your recent article on the Hancock County Youth Court Sentenced to Read program, I would like to add my compliments to Judge Michael Haas, his staff and Roberta Varvel, the instructor.

Business Services Corporation, the administrative entity for the Job Training Partnership Act and the Gulf Coast Private Industry Council, has sponsored the Sentenced to Read program for the past three and one-half years. What began as a pilot project to assist the

juvenile judges in directing positive outcomes for youthful offenders is now operating successfully in Harrison and Jackson counties as well as Hancock.

We are most appreciative of the efforts of the juvenile court and the Hancock County Board of Supervisors in their efforts to provide employment and training opportunities in South Mississippi.

Sincerely,
Mary Lee McNeil, president
Chief executive officer
Business Services Corp.

BHS students
learn to put
out flames

Bay High Cooperative I students were allowed to practice using fire extinguishers in a controlled burning, supervised by Bay St. Louis Fire Department chief Andrew Lizana and department firefighters. Instructor Jane Lamb stated, as part of the study/work program, each of BHS's 20 Co-Op I students were given instructions on how to fight fires in the home and on the job. This week the students will earn CPR certification as part of the program. (Echo staff photo by Jacqui Cochran)

"QUOTABLE
QUOTES"

By Ellis C. Cuevas

Did you notice the number of people at Casino Magic's open house on Tuesday and grand opening on Wednesday?

It appeared that half of the area's population was in attendance.

I have been around here all of my life and this was the most people I have ever seen at a function in Hancock County at one time, and this was two days in a row!

I also noticed familiar faces of folks I know from the area working at various tasks at Casino Magic, too.

Traffic has been somewhat heavy on Blue Meadow Road, especially with all the construction which continues at Casino Magic. I have heard a few complaints from those residing on Blue Meadow having problems getting to and from home.

It is my understanding there were visitors from as far away as Texas, Florida, Tennessee, Arkansas and Georgia.

In all probability the traffic congestion will have to be addressed and corrected in time to come.

One thing is for sure, things are changing very rapidly in Bay St. Louis and Hancock County with dockside gambling.

I received a telephone call from J.D. (Big John) Rutherford requesting I remind folks about the blood drawing to be held this Wednesday.

This is a regular American Red Cross Blood Drawing and it will be held from 1 to 7 p.m. at the Clement R. Bontemps American Legion Post No. 139, Green Meadow Road, Bay St. Louis.

For newcomers to the area, the post home is to the left, one block from U.S. Highway 90 down Blue Meadow Road.

Rutherford has been the blood drive chairman for Hancock County for many years, and he reports there is now, as has been in the past, a big need for persons to donate a unit of blood.

Residents who are physically able and are at least 17 years or older are asked to donate a unit of blood.

A goal of 100 units has been set and this can only be reached by the participation of many donors.

By the way, anyone interested in helping at the blood drive, such as nurses, technicians, record keepers, etc., or needing further information, can give Rutherford a call at 467-4244.

I hope to see you at the blood drive Wednesday.

In the November General Election, as usual, there will be some Senate resolutions to be voted on during the election.

Normally resolutions are written so the 'man on the street' cannot understand them. Even the lawmakers sometimes find the wording tricky.

To make things easier, Secretary of State Dick Molpus has written in 'layman's terms' an interpretation of each resolution which appears elsewhere in this issue of The Sea Coast Echo.

I feel all qualified electors should read the story on the resolutions, as it may help them decided whether they are for or against them.

Don't forget the Our Lady Academy International Food Fest which continues today from 11 a.m. to 6 p.m.

The event is to be held on the grounds next to Our Lady of the Gulf Catholic Church, Beach Boulevard, Bay St. Louis.

All types of foods from many nations will be offered and many at \$1 a portion.

This is a fund-raiser for Our Lady Academy and much effort has been placed in bringing a first class event to the area.

So, if you like seafood, Greek, Mexican, Italian, Western, Cajun, American and other foods, give the festival a try today.

Lottery now in 34 states
with two more to vote

I'm reminded by some who thought my recent column on the first year lottery bonanza in Louisiana was a bit naive that there is also a dark side of lotteries Mississippians should hear more about.

Granted, the literature on lotteries is heavily laden with much evidence of why state-run lotteries are a bad idea and lots of reasons why people, especially those at the lower economic level, shouldn't play them.

Also a fact, however, is that voters in states all over the country, even after hearing the arguments against the lottery, have been voting with amazing consistency the last 15 years to make them legal.

Now there are 34 states with a lottery, and two more—Georgia and of course, Mississippi—which will vote on the question in November. Thus far, only in North Dakota have voters rejected the lottery.

Since Mississippi will be voting on legalizing a lottery at the same time it will be voting in a presidential election, the historically high-water voter turnout, there can be no post-mortems that the lottery decision is not a fair representation of the electorate.

Most states have gone to a lottery as "painless taxation" and an important new source of revenue to help fund state governmental services which have been fiscally strapped ever since the taxpayer revolt of the latter 1970s, and worsened by the Reagan policies of the 1980s that shifted programs to the states while drying up federal aid.

But critics of the lottery argue that it is not painless at all, because it feeds disproportionately on the dollars of low-income people, and at best, the lottery profits represent only a small percentage of total state revenues.

One study in California five years ago showed the poor wagered 1.4 percent of their income on lottery tickets compared to just 0.1 percent among persons making more than \$50,000 a year. Michigan economist Daniel Suits found in that state the proportion of personal income spent on the lottery declined 12 percent for every 10 percent increase in income.

Respected national columnist Neal Peirce, an authority on government has described lotteries as "a massive, regressive, debilitating tax—

especially on lower-income people." He refers to a New Jersey study which found that more than one-third of the families below \$10,000 a year income spend over one-fifth of their income on lottery tickets.

John Herbers, a former journalistic colleague of mine in the Jackson press corps, writing in *Governing* magazine, has charged that lotteries are "part of the spreading fungus fed by the way we now conduct our politics."

Now, he contends, "we are left with the addiction by finding new ways to entice people into gambling and raising false hopes among those seeking a way out of poverty."

What is most disturbing, say many critics, is that states which run their own lotteries are in the business of promoting sales of lottery tickets through advertising gimmicks in order to create business. In effect, they create gamblers.

One solution to relieve the state of being accused of encouraging gambling by public policy is for it to privatize the lottery, put it in the hands of private enterprise, as the *Economist* magazine has suggested.

This idea of authorizing a quasi-private lottery made its breakthrough in Kentucky two years ago, and it has become the model of Louisiana's lottery, which was placed under a quasi-public corporation under contract let out on bids.

The corporation's employees are not subject to state personnel control or other regulations governing operation of political bodies and may develop its own marketing and promotional program. The state, which is guaranteed a minimum return on sales, maintains oversight of the corporation.

Mississippi lawmakers, looking ahead to the lottery becoming a reality here, have already begun thinking in terms of privatization under a quasi public corporation. A bill containing the mechanics for such an entity was studied last session by the Senate Finance Committee and has gained support of House Ways and Means chairman Charlie Williams.

Unfortunately, another bill which would have dedicated the bulk of lottery revenues to school construction and barred use of lottery revenues to reduce ordinary school funding died after passing the House last session.

Road improvement spending increased under unit system

The county unit system has improved county roads.

The reason is that more tax dollars have been spent on materials to build and maintain county roads under the unit system, according to a study performed by a former Deputy State Auditor for the Mississippi Economic Council.

In eight of 10 counties studied, spending has increased for those materials and items directly related to improving county roads under the unit system when compared with the beat system, according to the Mississippi Economic Council study.

"A fact that cannot be dismissed is that more is being done today to improve county roads than four years ago," said Don Kilgore of Philadelphia, chairman of the MEC Committee on County Unit.

"Taxpayers get more for their money when a professional manager is charged with overseeing road operations," Kil-

gore said.

Under the unit system, a county's road building and maintenance efforts are administered by a manager hired by the five-member board of supervisors and are conducted on a countywide basis. Under the beat system, each of the five supervisors directly controls road construction, maintenance and funding in his district, or beat, according to Steve Duncan, a certified public accountant and former Deputy State Auditor.

Duncan said records of Adams, Jones, Leake, Monroe, Montgomery, Panola, Pike and Simpson counties show more dollars have been spent on road improvements under the unit system than under the beat system. He said of the counties studied, only Chickasaw and Lamar counties have shown a decline in spending for road-building materials.

Even in counties in which it

appears that county supervisors have made deliberate efforts to undermine the unit system, there were improvements in road department operations, the studies revealed.

Trends found in the studies included an increased reliance on obtaining new equipment through the lease-purchase option instead of purchase. Because leasing costs are less on an annual basis, more tax dollars are available for direct use on construction and maintenance.

After moving to the unit system, most counties reduced both the number of road department personnel and the amount of county-owned equipment.

Maintenance costs, a significant budget item in any road department, were reduced by having repairs performed by county personnel instead of outside contractors.

Among other general conclusions reached by the study: —Equipment repair costs

were significantly reduced in eight of the 10 counties studied.

For the three-year period 1989-1992, the rate of growth in county road spending in the 10 counties was less than the inflation rate.

The MEC study looked at financial records in the 10 counties for the years 1988-89 (the last year under beat system operations), 1989-90, 1990-91 and 1991-92.

On November 3, voters in 23 of the 46 counties that approved the unit system in 1988, including Hancock County will decide whether to keep the unit system or return to the beat system.

The Mississippi Economic Council is the state's largest association of business, industrial, and professional leadership. Now in its 44th year, the organization identified issues, researches problem areas, and takes action to move Mississippi and its citizens ahead economically.

Illegal harvest

A potential purchaser of acreage near Jordan River Ranchettes discovered someone's bountiful harvest last Sunday. Six marijuana plants ranging in size from 6-12 feet in height were found sitting in large planters within a wooded area near the Rocky Hill Community. The plants were pulled up and destroyed by Deputy Ray Beillard, drug task force investigator David Stepro and Sheriff Department investigator Matt Karl. The cultivation of the plants is still under investigation by the Hancock Sheriff's Department.

Hoda seeks second term as election commissioner

Keith Hoda of the Fenton community has announced that he is seeking a second term as Beat 5 election commissioner.

Hoda, 36, joined the election commission in 1990 to fill the unexpired term of the late Floyd Breaux.

A 1974 graduate of St. Stanislaus and a 1976 graduate of Pearl River Junior College, he has worked with Coast Electric Power Association for 16 years.

Hoda and his wife Evelyn have one daughter, Crystal, 14. He is a member of Annun-

ciation Catholic Church in Kiln, the Annunciation Parish Men's Club, and the Fenton Volunteer Fire Department.

"I believe elections are very

Keith Hoda

important to the proper running of our county. I think they should be handled honestly and proficiently, and I have two years of experience in running them."

United Way staff prepares for campaign

The United Way of South Mississippi staff has been busy preparing for the annual campaign. The community campaign kickoff for Hancock County will be at Diamondhead Country Club Oct. 9 at 7:30 a.m.

This is the first campaign for Aletha Burge, executive director, who is responsible for overall operations and implementation of board policies and procedures.

Burge states the campaign is going well this year. "We have a very strong group of volunteers who are doing a fantastic job. I am enjoying the excitement of the campaign and seeing how it all comes together."

"I want to work on enhancing the image of the organization, both nationally and locally. I want to get people focused back on the purpose of United Way," explained Burge.

She also plans to upgrade the facility and equipment for the staff.

"I also want to encourage the networking of the agencies within Harrison, Hancock and Pearl River counties," added Burge.

Mary Wimberly, director of communications, has been with United Way for three and a half years. Her responsibilities include marketing, staff support for the Combined Federal Campaign and the United Way campaigns in Hancock and Pearl River counties, coordinating the campaign materials, resource development training, and volunteer training for the campaign.

WEDDINGS, ENGAGEMENTS

Cope-Mizell

St. Thomas Episcopal Church in Diamondhead was the setting for the August 29 wedding of Candace Minaye Mizell, daughter of Mr. and Mrs. Sidney Chess Mizell of Diamondhead and Jeffrey Randall Cope, son of Mr. and Mrs. William Randall Cope of Baton Rouge, La. Rev. Linda Lowry officiated the evening ceremony.

Nuptial music was provided by soloist Kay Higgenbotham, organist Wilma Howell and trumpeter Gary Benoit.

Given in marriage by her father, the bride wore a formal gown of white silk shantung with fitted bodice overlaid with Alencon lace accented with seed pearls and appliqued to English net. The sabrina neckline dipped to a V-back closed with tiny buttons. The puffed sleeves were appliqued with lace and accented with a bow. The full skirt and chapel train had a pearl border.

She wore a bandeau headpiece of lace and pearls which held a chapel length veil of illusion.

She carried a cascading bouquet of white bridal roses, stephanotis and baby's breath.

Melissa Paige Mizell was maid of honor. Bridesmaids were Juli Suzanne Cope and Melissa Ann Richter.

The attendants were attired in formal two-piece dresses of fuchsia shantung. The fitted jackets worn over slim skirts featured portrait necklines and peplum waists closed with pearl buttons.

They carried hand-tied bouquets of rubrum lilies, pink larkspur, Queen Anne's lace and Italian ruscus.

Flower girls were Christine Alyn Vicknair and Heather Jo Vicknair.

Clint Anderson was best man. Ushers were Gerald Hutchinson, Eddie Mattei, Michael Cope and Chavney Pierce.

A reception followed the ceremony at the Diamondhead Country Club. The rehearsal dinner, hosted by the groom's parents, also was at the country club.

A bridal luncheon was given at the Blue Rose Restaurant in Pass Christian by the bride's aunts, Mrs. Leo Mizell and Mrs. Huey Pierce, and cousins Mrs. Fred Herzer, Mrs. Michael Mizell, Mrs. William Mizell and Mrs. Evan McElveen.

After a honeymoon in Cancun, Mexico, the couple is making their residence in Baton Rouge.

Pavolini-Lizana

St. Matthew Catholic Church was the setting for the August 29 wedding of Margaret Ann Lizana, daughter of Lonnie and Mary Jane Lizana of Standard, and Larry Keith Pavolini, son of Francis and Georgia Shippey of Pass Christian. Father Ivan Weis officiated the afternoon ceremony.

Nuptial music was provided by soloist Sally Kappus and organist Paula Faye Necaise.

Given in marriage by her father, the bride wore a candlelight ivory gown of tissue taffeta. The sweetheart neckline bodice was covered with a heavily beaded lace-and-net overlay with scalloped bateau neckline and drop waist.

She wore a bandeau headpiece adorned with flowers and pearls, which held in place a long pearl-bordered net veil.

The bride carried a bouquet of ivory roses, carnations and lilies accented with baby's breath.

Kandi Wyble was matron of honor. Bridesmaids were Marita Wallin, Ann Burton and Candice Pavolini.

Flower girls were Hannah Rone and Rheanne Nunn.

Kelly Austin was best man. Ushers were Huey Bang, Joe Lizana, Dennis Lizana and Dustin Lizana.

A reception followed the ceremony at the Jourdan River Shores Clubhouse. The rehearsal dinner, held the eve of the wedding, was at the St. Matthew Church Hall.

Mr. and Mrs. Larry Keith Pavolini

After a honeymoon in Natchez, the couple is residing in DeLisle.

Duncan-Proulx

Mr. and Mrs. George Proulx of Bay St. Louis announce the engagement and forthcoming marriage of their daughter, Jennifer A. Proulx, to Joel P. Duncan, son of Mr. and Mrs. Max Duncan of Pearlinton.

The bride-elect is a graduate of Bay Senior High and attended Pearl River Community College and USM. She is a manager in training at Domino's Pizza in Hammond, La.

The prospective groom is a graduate of Bay Senior High and attended USM. He is the store manager at the Hammond Domino's Pizza.

Vows will be exchanged October 24, 3:30 p.m., at Our Lady of the Gulf Catholic Church. A reception will follow at the Waveland American Legion Post #77 hall off Coleman Avenue.

CLUBS, AUXILIARIES

Veterans of World War I Auxiliary 2537

Veterans of World War One Ladies Auxiliary 2537 met Sept. 28 at the Senior Citizen Building. The meeting was called to order by the president, Genevieve Cole. The prayer was recited by Tuleter Oliver. The auxiliary made plans to have a booth at an outdoor carnival at Gulfport VA Center Oct. 14.

Past national president, Pauline Charming, and Department president Tuleter Oliver reported on the national convention they attended in Louisville, Ky. recently.

Certificates of appreciation for VAVS and community services, and charms were presented to Mamie Carver, Clara Arnold, Shirley Clemons, Genevieve Cole, Gladys Bastian, Tuleter Oliver and Pauline Charming.

Clara Arnold, Dept. parliamentarian, and Tuleter Oliver received gifts at the national convention, where Oliver was installed 5th Regional president.

Refreshments were served by Charming, Cole and Oliver. The next meeting will be Oct. 22 at 1:30 p.m. at the Senior Citizens Building, Bay St. Louis.

Diamondhead PEO Chapter 9

Members of Chapter 9, PEO Sisterhood, of Diamondhead, will meet at 3:30 p.m. Wednesday, October 7, in the home of Betty Lou Hickman. Mississippi State Organizer Jaunice Peden will be at this meeting.

Professional Secretaries

The Mississippi Gulf Coast Chapter of Professional Secretaries International will conduct the next meeting Tuesday, Oct. 13, at the Harrison County Tourism Commission office.

Instructors from Mississippi Coast Community College-Jefferson Davis Campus will be guest speakers. They will explain the secretarial science field. 896-6789.

Friendship Oak DAR

National Society of the Daughters of the American Revolution, Friendship Oak Chapter, Long Beach, will meet Wednesday, Oct. 14, 11:30 a.m. at the Great Southern Club in Gulfport.

"Defending our Nation" will be the subject of an address by Major General Clark Griffith, Commanding Officer, Keesler AFB. October is designated by the NSDAR as National Defense Month. Hostesses for the luncheon will be Mrs. Hazel Erhard and Mrs. James R. Thomas.

Members are reminded that Rosalie Day will be observed in Natchez on Oct. 29 and are urged to attend. They may contact Mrs. Sidney H. Ruskin at 452-3825.

Blue Jeans Garden Club

The September 17 meeting of the Blue Jeans Garden Club was held at the Waveland home of Jenny Ortis on Jeff Davis Avenue. Alice Brechtel, co-hostess for the group's first meeting, welcomed members as they arrived.

President Mayola Rotherham opened the meeting with a warm greeting to attending members and a prayer for peace and unity in the world.

Minutes of the brief meeting preceding the May luncheon were read by secretary, Beverly Coogan and the treasurer's report was given by treasurer Cathleen Taconi.

Jenny Ortis presented a very interesting, informative and timely program "Pampering and Care of your Poinsettia," keeping this part of Christmas past and making it part of Christmas future, by Jerry Baker.

An interesting and novel part of the September meeting is the Blue Jean annual plant swap, which creates lots of enthusiasm among the members. Judging of plants and arrangements in various categories submitted by members were judged by members and winners were: dried, Margaret Heitzmann; cultivated, Virginia Thomas; horticulture, Beulah Peterson; potted, Lucile Witter and wild, Mayola Rotherham.

Lucile Witter was winner of the half and half. Betty Klein won the door prize, a "mini mum."

Guest of honor, Pat Garcia, presented an interesting and informative demonstration, "The Art of Flower Arrangements, both Live and Artificial" at the conclusion of the business meeting.

WEDDINGS, ENGAGEMENTS

Elwood-Dearing

St. Matthew's Episcopal Church was the setting for the September 19 wedding of Danie Elizabeth Dearing, daughter of former Bay St. Louis residents Mr. and Mrs. Waldo H. Dearing of Moraga, Calif., and Michael Ray Elwood, son of Mr. and Mrs. Ray E. Elwood of York, Nebraska. Father Lee Hutchison officiated the afternoon ceremony.

Nuptial music was provided by organist Michael Veak.

The bride was given in marriage by her parents.

Mary Kunes was honor attendant. Brides-

maids were Angie Elwood and Jan Fox.

Flower girls were Kara Jobman and Jan Fox.

Dean Parsons was best man. Ushers were Michael Zinck, Justin Shanahan, Matt Elwood and Jeff Elwood.

Candle lighters were Lindsay Shanahan and Amer Jobman.

A reception followed the ceremony at the Cornhusker Hotel in Lincoln. The rehearsal dinner was at Knoll's Country Club in Lincoln.

The couple is making their residence in Lincoln.

Warriors chop Hawks 41-20

BY TRACI BONNEY

They went, they saw, but they didn't conquer.

The Hancock Hawks, visiting the d'Iberville Warriors for their Homecoming Friday night, returned home with some broken tail feathers as the Warriors successfully defended their territory and claimed a 41-20 victory.

For most of the first half, it looked like Custer's Last Stand on the field. Warriors were everywhere, racking up a 20-0 lead in the first quarter and expanding the gap to 28-0 in the second.

Hancock rallied late in the second half, however.

The Warriors, in possession of the ball, attempted to put another 6 points on the board but were forced to punt at their own 13-yard line. A Hawk block and end zone recovery of the

ball gave Hancock its first score of the night.

The PAT attempt, a 2-point conversion run, was good, making the score 28-8 with 1:18 left in the half.

The half ended with the Warriors in possession of the ball; Hancock had possession for two plays, but Warrior JoJo Gunter intercepted a pass and took the ball to midfield as the horn sounded.

The Hawks started the second half with possession of the ball, as Lance Wedgeworth took the opening kick to the 49-yard line. Dennis Malley pushed the ball into Warrior territory, then after a no-gainer on the next play, quarterback Scotty Davis threw a short screen pass to Joe Green, who moved to the 36 before being grounded.

James Prive, Malley and Wedgeworth combined — aided

by a 15-yard penalty against the Warriors — to move the ball to the goal line. Two pileups at the goal only postponed the inevitable, as Prive finally pushed across the line. The PAT attempt failed, leaving the score at 28-14 with 6:30 on the clock.

The Warriors took the ensuing kick and moved the ball to midfield on a three-play drive. On the next play, the Warriors foiled their own attempt at a touchdown run by drawing a penalty that set the ball at the Hawk 36.

The setback didn't faze d'Iberville, though. Gunter ran the ball to inside the 5, and the next play put 6 more on the board for the Warriors. A failed PAT left the score at 34-24 with 4:53 in the third quarter.

The Hawks briefly had the ball, but punted to the Warriors

after failing to reach midfield. Gunter caught the kick for the Warriors and moved the ball to their own 49.

D'Iberville pushed the ball past midfield, then handed it back to the Hawks on a fumble recovered by Brian Lindsey.

Davis shot a screen pass to Wedgeworth, who moved to the 31. Several more passes, some incomplete, and some short runs brought the ball to the 3-yard line.

After a stalled play, the Hawks scored again on a short run by Prive. The PAT failed, making the score 34-20 with 8:42 left in the game.

Warrior Jarent Gregory moved the ensuing kick to the 29. On the next play, a short gain was cancelled by a 15-yard penalty against the offense. The ball was moved back to the 15-yard line.

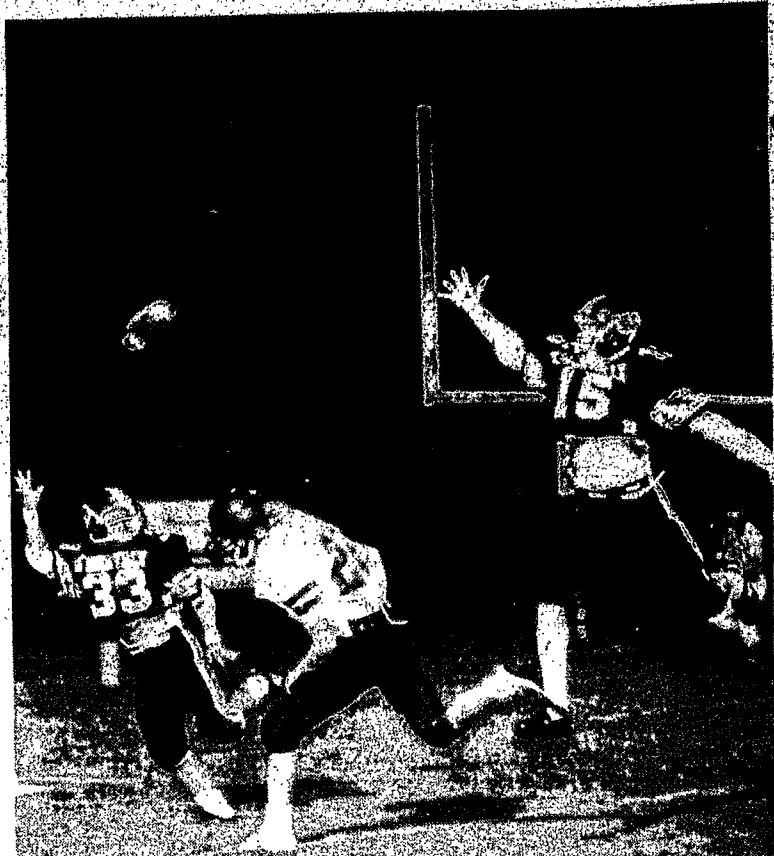

In the meantime, Hawk Joe Green was injured in the play. After several minutes of lying on the field surrounded by coaches and trainers, he was removed from the field by stretcher. Coach Irvin Favre said Green's neck was hyperextended and he was being transported to the hospital as a precautionary measure.

Play resumed, and Warrior standout Joey Chin, who had done much of the driving for d'Iberville all night, continued his performance with a drive to the 23-yard line. Gregory took the next snap to the 39, and a completed pass to Kyle Wieck moved the ball to the 48.

Chris Daniels gained 10 on the next play, but a Warrior penalty pushed the ball back into their own territory at the 49.

After pushing back into Hawk territory, the Warriors lost the ball on a pass interception by Wedgeworth, who was brought down at the 33.

The Hawks moved into Warrior territory after two plays, but Warrior Hankie Hall inter-

cepted a Hawk pass and went down at the 21.

The next play was the most spectacular of the night. Quarterback Casey Swift ran the ball 50 yards down the field on an option, then pitched to Gregory, who took the ball the last 25 yards for a touchdown.

A kick by David Jones capped the play, making the score 41-20 with only 1:42 left in the game.

Wedgeworth took the kickoff to the 29, and after an incomplete pass attempt Davis was sacked at the 22. Malley took the ball to the 46 on the next play, but the Hawks' effort was in vain. The horn sounded on a Warrior victory.

Coach Favre commented after the game, "It was quite a

change from what we did last week, and the week before, wasn't it?"

He said the whole answer boiled down to one thing: d'Iberville played a better game. "They didn't do a lot of the things we expected them to. They came straight at us; they played good old hard-nose football, and they caught us off-guard."

Although the Hawks did play better in the second half, Favre said the team miscued many times. "We were just not there to make the play when we should have been, and that cost us," he stated.

The Hawks, now 3-2, host Pearl River Central next Friday night. Kickoff is at 7:30 p.m. at Hawk stadium.

Tide edges Rocks

BY ELLIS CUEVAS

The St. Stanislaus Rock-A-Chaws put up a big battle against a homecoming celebrating Picayune in Maroon Tide stadium Friday, before being felled by a 20-14 score.

The young Rocks appear to be improving with each game of the season.

In Friday night's game there were many bright spots, as the Rocks kicked off, got a turnover on Picayune's first play from scrimmage, as Anthony Tran jumped on a fumble on the Picayune 44-yard line.

Four seconds on the clock, sophomore quarterback Nathan Middleton, getting his first start of the season, tossed a 17-yard TD to Brian Allen, followed by a fake PAT, as Jeffrey Bishop threw for 2 points to Stanley Chapman.

Stanislaus coach Ken Lyons said, "We still haven't come through to win yet, but our kids are definitely getting better."

"We didn't have all our bullets tonight. We played most of the game without our fullback (Kris Minchew), didn't have our tailback (Brandon Benoit); our quarterback Nathan played his first full game signal caller and you know we are still green."

Lyons continued, "I am pleased with our performance, you know this 'hang in here'; and you could see we were getting physically punished on defense."

Benoit, a sophomore tailback, has averaged over 100 yards a

game before hurting a foot last week against East Central, and Minchew appeared to have hurt an ankle against Picayune.

It was an exciting ending of the game for Stanislaus, as trailing by a score of 20-6, they took over the ball on their own 35-yard line.

Middleton started passing the ball. He hit Stanley Chapman with one toss for nine yards; Chapman grinded out several yards for a first down and more, when a flag against Picayune moved the ball to the 34 of the Maroon Tide.

Defensive player Brice Gex, turned receiver, caught a critical pass to the 17-yard line with 17 seconds left on the clock. An incomplete pass was followed by Middleton hitting Allen for the score as time ran out. As time expired, Bishop tossed the 2-point conversion to Chapman.

Stanislaus appeared to be very determined on their first possession of the game.

Middleton handed off to Chapman, who gained 5 yards. On the next play Chapman, behind some crisp offensive blocking, rambled to the Picayune 7-yard line.

Picayune's defense tightened up and SSC was set to try a 7-yard field goal, but the Maroon Tide was offside. Stanislaus elected to go for a short TD, and Middleton scooted into the end zone to his right.

A low snap on the second PAT attempt caused a delayed PAT to be blocked.

With 9:03 left on the clock in the first quarter, Stanislaus had a 6-0 edge.

The Rock kickoff was put into play on the Picayune 29-yard line.

The Maroon Tide ran a 10-play series topped with a 2-yard run for a score, the PAT gave the homecoming Tide a 7-6 lead.

Defensively both squads tightened their play for the balance of the first quarter.

Second quarter action saw the Rocks take the ball over on their own 45-yard line and put together a drive to the 4-yard line, only to lose the ball on a fumble.

This boosted the spirits of Picayune, as they grinded out a 15-play drive for a score, giving them a 13-6 lead with 3:11 left in the first half.

In second quarter play, Picayune received good field position on an out-of-bounds SSC punt on the Rock 31-yard line.

Picayune took advantage of the break and scored on a six-play drive with the PAT, giving them a 20-6 edge with 7:13 left in the third quarter.

The balance of the third quarter and the fourth quarter were a defensive struggle with both teams being forced to punt several times, before Stanislaus closed with the final scoring.

Stanislaus, now 0-5 for the season and 0-3 in Division VIII Class 4-A, will visit the Long Beach Bearcats next Friday.

Tiger football update

Varsity, B, 9th grade squads ahead in standings after four

The four Bay High and Junior High football squads finished their fourth week of play with one win and three losses.

The varsity Tigers had their first defeat of the season at the hands of East Marion. The 10-7 loss puts the team at 3-1 overall and 1-1 in district play.

Players of the Week, chosen by the Bay High Athletic Club, were Keith Corr on offense, Dwayne Antoine on defense, and Danny Farrell for the junior high. Pizza Hut Players of the Week were Benny Murphy on offense and Brennan Compretta on defense.

The B-team Tigers shut St. Stanislaus out 7-0 in their first regular game of the year. Coach Rocky Gaudin said the defensive squad showed good effort all night.

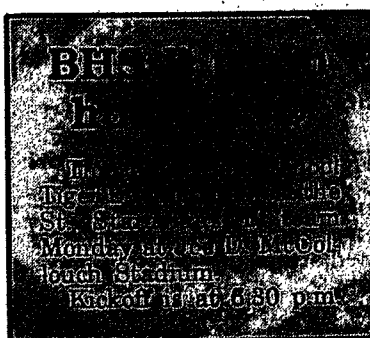

He commented that several players stood out on both offense and defense, including Charles Hawkins, Xavier Lewis, LeRoy Hawkins, Yancey Mayfield, Benny Murphy and Jamie Pate.

The 9th grade team lost 21-0 to d'Iberville. Gaudin said the Tigers were dominated on the line of scrimmage by the large d'Iberville offensive and defensive linemen. The loss brings the squad to 2-1 overall and 1-0 in conference play.

The 7/8 grade team also lost to d'Iberville, 16-0. Gaudin commented, "We played pretty well defensively and held d'Iberville to one touchdown on a big play and another on a time-consuming drive."

"We, however, did not play well offensively, although we moved the ball and had an opportunity to score in the fourth quarter."

The varsity team traveled to Purvis Friday, while the 7/8 and 9th grade teams hosted St. Stanislaus Thursday. The 9th graders also traveled to St. John Monday for a matchup, while the B team had an open week. Results from the games were unavailable as of press time.

Gaudin commented of the season so far: "In the 7/8 grade team, we continue to see improvement each game. Our backs are running harder, but our offensive line must come off the ball better."

"James Benton ran hard and got some good yardage; Tyrone Lewis had a couple of good runs and two defensive interceptions; and Doug Smith made some key plays on defense."

"Our team is a better team each week, and we will continue to work hard to improve."

The week before, the varsity team defeated Forrest County 13-12; the B team lost to Hancock 20-14; the 9th grade team won 21-6 over Picayune; and the 7/8 grade team also defeated Picayune, 12-0.

Bay High Athletic Club Players of the Week were LeRoy Hawkins on offense, L.C. Curry on defense, Reggie Williams and James Benton for junior high. Pizza Hut Players of the Week were Larrone Lewis on offense, Jimmy Strong and Gerri Carver on defense.

The B team game was a controlled scrimmage without officials. Gaudin said both teams moved the ball at will, and the game ended with a Tiger player being tackled on the Hancock 1-yard line as the horn went off.

In the 9th grade game against Picayune, Gaudin said Danny Farrell, Jeremy Turcotte, Roger Williams, Donnie Ray, Bobby Gavagnie, Malcolm Day, Kasey Brown and Reggie Williams provided solid defense, while the offense controlled the ball all night.

Danny Farrell brought in one Tiger TD on a 5-yard run; Reggie Williams took a 50-yard Kendal Marquar pass in for another score; and Malcolm Day ran the ball 10 yards for the third touchdown.

The 7/8 grade victory came behind the defense of Desmond Berry, Tank Williams, Doug Smith and Aaron Claybourn, and the offense of Williams, James Benton and Jermaine Collins.

Wildcats undefeated

Pearl River Community College quarterback Dayna Hall passed for two second-half touchdowns and ran for another to lead the Wildcats to a 25-22 win over the Itawamba Indians in Poplarville Thursday.

Itawamba scored on the first play of the second period when quarterback Shawn Young passed to Joe Horne from 25 yards out. Jerome Williams kicked the PAT to make the score 7-0.

Miscues cost both teams early in the contest as the Indians fumbled on two drives, were intercepted on a third, and failed 40-yard field goal attempt.

Pearl River didn't fare much better as the Wildcats were intercepted on their first drive and then gave the ball up on a

fumble. A 38-yard field goal attempt failed, but Brandon Murray did manage a 23-yard 3-pointer with 7:23 left in the first half.

Early in the third period the Wildcats closed the gap as Murray kicked a 30-yard field goal to make the score 7-6. Later in the quarter, Hall connected with Larry Myers on a 4-yard touchdown. The kick was good, and PRC led 13-7 with 6:50 left in the third.

Itawamba came back with a 14-play, 84-yard drive that ended in a 3-yard TD run. The PAT kick made the score 14-13.

PRC regained the lead on a 35-yard Hall pass to Antonio Kidd with 9:20 in the game. The extra point try was stopped at the goal line.

After four plays, the Indians were facing a fourth-and-12 from the PRC 13. PRC's defense forced a fumble, which Chris Monroe recovered and returned to the ICC 20.

A 15-yard penalty and 4-yard loss backed the ball to the 39. Fullback Chris Ryan then rambled up to the 16, where Hall weaved his way through the middle for another score. The PAT attempt was blocked; PRC led 25-14 with 2:25 left in the game.

The Indians then covered 70 yards in just four plays with Young passing 23 yards to Darrell Nicklow, who ran the 2-point conversion and closed the gap to 25-22.

PRC rushed for two first downs and ran the clock out.

Touchdown!

Tigers pound Purvis, 49-6

BY RANDY PONDER

A breakdown in the Purvis kicking game led to four Tiger touchdowns as Bay High completely dominated the Tornadoes, 49-6, in a District 8, Class 3-A mismatch.

The rout began when Jeff Hopgood booted a long, towering punt which was downed at the Purvis 5-yard line. The Tiger defense refused to budge and forced the Tornadoes to kick from the end line of their end zone after losing 2 yards on three tries.

With the football on the Purvis 26, Bay High quickly scored behind the determined running of Larrone Lewis and Leroy Hawkins. Lewis collected the points on a 1-yard run. Shawn Keener tagged on the extra point as the Tigers jumped on top 7-0.

On their ensuing possession, the Tornadoes were again completely shut down by the aggressive Tiger pass rush and forced to punt. A strong charge from the defensive line caused a low snap and the punter did not have a chance to get the kick off. Bay High recovered the ball at the Purvis 3.

The Tigers padded their lead when Hawkins crashed over from the 1-inch line several plays later. Keener again added the PAT, putting Bay High up 14-0 early in the second quarter.

Purvis' next series ended in a pass interception by Brennan Compretta at the Tornado 25. The Tigers failed to capitalize on this opportunity and turned the ball over on downs at the 9.

It didn't matter, as Jimmy Strong recovered a Purvis fumble at the 14 on the Tornadoes' next play. After barely picking up a first down at the 4 on fourth down, Larrone Lewis bulled his way into the end zone for 6 more points. The PAT missed to the left as the Tigers built a 20-0 advantage.

The first half ended with Purvis facing a fourth-and-30 after several miscues and a quarter-

back sack by Strong.

The second half began with an exchange of punts before Jeff Hopgood recovered a fumble and returned it to the Purvis 44 with two Tornado defenders hanging on his back.

Bay High returned the favor, fumbling the ball back to Purvis two plays later. The Tornadoes' anemic offense took the field, ran three plays and lined up to punt. The snap was over the head of the punter and the Tigers took over at the Purvis 31.

Hawkins carried for 5 yards before Bay High unleashed a surprise on the Tornadoes. Brennan

Compretta, normally a defensive standout, took a handoff from quarterback Sam Sheppard and raced through the middle of the line all the way to the end zone for a touchdown.

Jimmy Strong then fought his way across the goal line for a 2-point conversion as the point parade continued, 28-0.

The next Purvis possession also ended in disaster for the hapless Tornadoes when yet another high snap sailed over the head of the punter. The ever-present Jimmy Strong recovered the loose ball in the end zone for a Tiger TD. Keen-

er's PAT was good, increasing the score to 35-0.

Purvis fared no better on their next series which also ended when a high snap went over the punter's head. Leroy Hawkins recovered for another Bay High TD. Keener split the uprights for the Tigers' 42nd point.

With such a large lead, Tiger coach Rocky Gaudin had already pulled most of his starters, but it made little difference as the Tornadoes again failed to move the ball on their next possession. In fact, they lost yards.

The big play was a quarterback sack by Gerrit Carver for a 14-yard loss, forcing Purvis to punt again from the end zone. The kick was short and Bay High took over on the 23.

Kevin Gillum hauled in a pitchout and galloped down the left side for a quick score. Keener's extra point rounded out the Bay High scoring as the Tigers lit up the score board for 49 points.

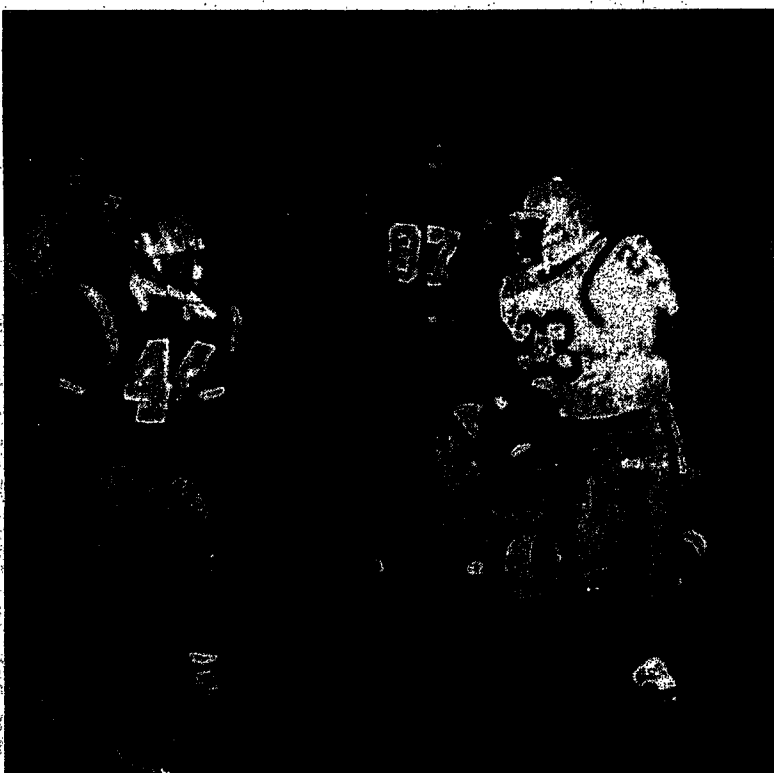

Purvis did manage to score a TD late in the game on a 38-yard pass play to avert a shutout.

"We were the better team tonight," Gaudin said after the game. "We were coming off a tough loss last week; I had warned our kids not to take Purvis too lightly. They won last week at Vancleave and looked pretty good on film."

The win at Purvis, spoiling their homecoming, improves the Tiger's record to 4-1 overall and 1-1 in conference play.

Bay High will host the Vancleave Bulldogs next Friday at 7:30 p.m. in J.D. McCullough Stadium. It will be homecoming for the Tigers.

St. Paul Carnival Association announces doubloon contest

The St. Paul Carnival Association of Pass Christian has selected "Mystical, Magical Places" as its 1993 Mardi Gras theme.

The Association is sponsoring the 4th Annual Doubloon Design Contest. The contest is open to the public, and an individual may enter as many times as he/she wants, but each design must be submitted individually.

The winner will receive a \$100 EE savings bond and a collector's set of doubloons.

The design must reflect the theme, and must be original. It also must be circular, with a seven-inch diameter submitted on 8 1/2"x11" white paper and drawn in black ink. Designs cannot be creased, folded or bent in any way.

The winning design will be used only on one side of the doubloons.

A cover sheet with an explanation of the design is required

to be submitted along with the design. The cover sheet must also include the designer's name, address, Social Security number and telephone number.

The winning entry becomes the property of the St. Paul Carnival Association. All other entries can be returned if a self-addressed, stamped envelope is included with the entries.

Deadline for the contest is October 30. Mail all entries to St. Paul Carnival Association, P.O. Box 375, Pass Christian, MS 39571.

Suggestions for places

include, but are not limited to: Mayberry, U.S.A.; Tara from *Gone With the Wind*; Krypton from *Superman*; the Land of Oz; Treasure Island; the Fountain of Youth; Sesame Street; the Land of unicorns; Bedrock from *The Flintstones*; Atlantis; Mt. Olympus; the pyramids of Egypt; the Hanging Gardens of Babylon; North Cemetery Ridge, home of TV's *The Addams Family*; Stonehenge; Never-Never Land; La La Land; Paradise; Sleepy Hollow (as in *The Legend of ...*); Toyland; Kismet; Brigadoon; Camelot; Sherwood Forest; the Land of Makebelieve or Xanadu.

The Carnival Association will hold its 1993 Carnival Ball and Parade Saturday, Feb. 20, and Sunday, Feb. 21.

For more information about the ball and parade or the doubloon contest, call St. Paul School at 452-7359 or Kathy James, after 5 p.m., at 452-2165, or Debbie Fournier at 452-7152.

Toast to the Coast set October 16

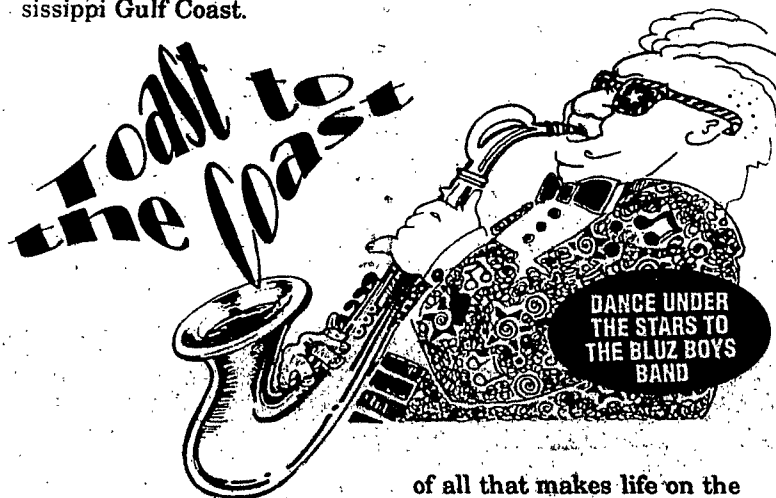

For the ninth season, Coast Episcopal Schools' Parent Teacher Organization will present the "Toast to the Coast," a gala evening celebrating life on the Mississippi Gulf Coast.

Chairman of the event, Karen Geroux Hightower, said, "No event on the Mississippi Gulf Coast has been able to capture the essence

powerful musical entertainers in Mississippi, inspired by *Saturday Night Live's Blues Brothers*. The band features lead vocalists Howlin' John Bluz and Mighty Mike Bluz; featured female vocalist Patrice Moele; back-up singers the Bluzettes; a six-piece horn section, and the super-tight rhythm section comprised of keyboards, bass, guitar and drums.

Committee chairmen contributing to the success of Toast '92 are Georgia Kuhner, art; Marlene Saccoccia, live auction; Alice Tor, patrons; Sharon Koger, tickets; Sidney Pitre, invitations; Betsy Smith and Linda Wallace, restaurants; Peggy Groves, silent auction; Mary Lee Puckett, beverages; Susan Carron and Mary Lee Stonecipher, publicity; Missy Marshall, decorations; Nell Howard and Roy May, grounds and set-up; Ann Hopper, business patrons; Carol Ann Egerton, raffle; Ann Guice and Kristy Johansmeier, program; Mason and Janet Gordon and Rufus and Emily Alldredge, clean-up; Nell Howard, courtesy.

For tickets or more information, call Coast Episcopal School at 452-9442. Tickets are \$45 in advance of \$50 at the door. Black tie optional.

This year's festivities will be held on the lawn of the beachfront home of Mr. and Mrs. J. Alfred Levert II, 533 East Scenic Drive in Pass Christian and will begin at 6:30 Friday evening October 16.

Tips On Writing EFFECTIVE Classified Ads

- **STICK TO THE FACTS**
Prospective buyers need to know details, like the condition of the item for sale, the size, brand name, color and any other relevant information that would help them make a decision.
- **BE HONEST**
Aside from being unethical, exaggerating or misinforming potential buyers won't help you make a sale, and may only serve to lose a prospective buyer's trust. Even if they come to look at what you have to sell, they'll be less likely to buy the item or trust you once they see they've been misled.
- **SPELL IT OUT**
Abbreviations are not easily understood by many people and may even confuse a reader. It only takes them a second to pass over an ad because it doesn't seem clear, why let it be yours because you abbreviated a description?
- **THE BOTTOM LINE**
State the price. You'll save yourself the hassle of having to answer calls from prospects who, upon learning the price, are not really interested. Price is the first thing they'll look for when reading your ad, and when prospects know the price, you'll know you have a serious buyer on the line.
- **BE THERE**
List the best hours to call and make sure you're at home. If you don't list a specific time, you could be flooded with calls any time of the day or night. And when you're not at home to take calls, most likely, they won't call back.
- **ASK US**
If you aren't sure how to word your ad or what features to include, why not ask us? Our professionals on staff know how to create an effective ad that sells, they're always willing to help, and there's no charge!

Opening day arrives

Thousands came Wednesday to christen the new machines and tables of Casino Magic, Hancock County's first operational gaming facility.

Top photo, families enjoy food and drink during Tuesday's preview of the facility.

Second row, left, Bay St. Louis Mayor Eddie Favre cuts the opening ribbon Wednesday, signaling the opening of operations; right, state gaming commission deputy director Bruce Nourse wishes Casino Magic great success.

Third row, workers roll in coins for change and chip exchanges.

Sign, sign, everywhere a sign

Although Bay St. Louis city ordinance prohibits the placing of business or political signs in the median, these Casino Magic signs line the way on Hwy. 90 at the mayor's request, according to city official Gordon Boh. Boh said the mayor had expressed concern that visitors might overshoot the official route on Blue Meadow Road and instead travel up Beach Blvd. and Felicity Street to the floating casino at Bay Cove. Boh added that the temporary signs should be removed soon. (Photo by T. H. "Doc" Toups)

LEGAL NOTICE
Opening of Certain Waters of the Back Bay of Biloxi to Live Bait Shrimp Trawling
By virtue of the authority vested in the Mississippi Commission on Wildlife, Fisheries and Parks, under the provisions of §§49-15-15 and §49-14-15, Mississippi Code of 1972, and after conducting an extensive sampling program, the Mississippi Commission on Wildlife, Fisheries and Parks does hereby declare and order that:
All sections of the Back Bay of Biloxi lying north of the CSX Railroad bridge and east of the U.S. Interstate Highway 1-10 bridge that crosses the Back Bay of Biloxi and those sections of the Back Bay of Biloxi that are no more than fifty (50) feet on either side of the Back Bay of Biloxi channel and west of the U.S. Interstate Highway 1-10 bridge and east of the Mississippi Power Company line that crosses the Back Bay of Biloxi at a point approximately midway between Branch Bayou and Dampman Point, shall be opened to licensed live bait shrimp trawling between legal sunrise and 12:00 noon.
All other rivers, bayous, lakes, streams, canals or tributaries north of the CSX Railroad Bridge, and not specifically mentioned above, shall remain closed to live bait trawling.
All existing rules and regulations as set forth in Ordinances of the Mississippi Commission on Wildlife, Fisheries and Parks governing the catching of live bait shrimp shall be in effect and strictly enforced.
All waters opened by this order, unless closed at an earlier date by order of the Commission, shall be closed to all trawling activities at 12:00 noon, December 31, 1992.
This order shall take effect and be in force from and after sunrise, Saturday, October 3, 1992.
Ordered this 1st day of October, 1992.

Reflections

On Life

By Father Jerome LeDoux, SVD

Another lesson in prayer

"I'm a retired priest living out here at the end of the world, and I would like to say a prayer for your radio listeners in the path of Hurricane Andrew."

The host of the talk show "Scott in the Morning" marveled at the caller's isolation near the southernmost tip of Louisiana and invited him to proceed with his prayer.

"I have before me the sacramentary which is used for Mass, and I am going to read prayer number 37 which is entitled, 'To Avert Storms.'"

"Father, all the elements of nature obey your command. Calm the storms that threaten us and turn our fear of your power into praise of your goodness. Grant this through our Lord Jesus Christ, your Son, who lives and reigns with you and the Holy Spirit, one God, for ever and ever."

The whole episode seemed strangely archaic and stilted, in that it almost gave the impression that God was being invited to respond to something as artificial as number 37. To say the least, it sounded like canned prayer.

No doubt, all the elements of

nature obey God's command. However, we have no clear-cut, authentic record that God has manipulated the laws of nature since Jesus walked on water, ruled the winds and waves, and levitated out of sight.

On the contrary, there is every indication that God has left the forces of nature to go their own way, now working gentle rain, now life-giving sunshine, now death-dealing winds, waves and upheavals in the bowels of the earth.

It seems evident that God will not "calm the storms that threaten us," as petitioned in the prayer, since God does not go about directing movement of earth and atmosphere.

Further, it is obvious from hurricane history in the Gulf of Mexico and the Caribbean Sea that no hurricane has ever entered said sea or the Gulf of Mexico without inflicting damage on some area on its way out.

The reason for this historical fact is elementary. Once a hurricane has entered the Caribbean Sea or Gulf of Mexico, it is landlocked to the north, west and east whither it will travel, unable to get out without raking a land area.

In this context, prayer can have as its purpose only the goal that the hurricane either bypass these bodies of water entirely or, having entered them, hit the least-populated land areas which border these waters, as Gilbert did.

Even that scenario of prayer appears to reduce God to one of the steering currents which guide a hurricane along its fickle, erratic path.

Realistically, such a prayer and its alternate scenario are little more than futile stabs in the dark, weak, poor reflections of the fact that God rarely interferes with the course of nature.

If this sounds deistic, mis-trusting of God's concern for us, that is definitely not the case. However pious-sounding they may be, our prayers make little sense unless they center more around the will of God than of our own.

Intercessory prayers for our personal needs and for the needs of our community are said for our security and feeling of well-being. As St. Theresa of Hungary, who never said any other prayer, we would do well to say: "Your will be done."

St. Joseph Sisters honor jubilarians

Five Sisters of St. Joseph of Medaille will celebrate their jubilees at a 3 p.m. Mass Sunday, Oct. 11, at St. Frances Xavier Cabrini Church, 5520 Paris Ave., in New Orleans. A reception will follow at St. Joseph Convent, 1200 Mirabeau Ave., to which all are invited.

The 60-year jubilarians are Sister Marie Elise Blanche, Sister Marie Jeanne Cazenavette and Sister Louise Agnes Marchand. Twenty-five year jubilarians are Sister Frances Duos and Sister Ileana Fernandez.

Sister Elise pronounced her first vows in 1932 and has had a varied career as teacher, coach and librarian at Catholic

schools in New Orleans, Baton Rouge, Bay St. Louis and Cincinnati, Ohio. After her retirement from teaching she volunteered as a teacher for the People Program for senior citizens and helped initiate Bread for the World in New Orleans.

Sister Marie Jeanne pronounced her first vows in 1932 and then taught in schools in New Orleans, Cincinnati and New Roads. She served a term as provincial treasurer. She presently teaches in the People Program, and serves as a volunteer at a child care center.

After pronouncing her first vows in 1932 Sister Louise Agnes taught in Catholic

schools in New Orleans, Baton Rouge, Cincinnati, New Roads and Norco. Upon her retirement from teaching, she began community service in the sisters' infirmary and presently works as a parish visitor in St. Mary's Parish, New Roads.

Sister Frances Duos pronounced her first vows in 1967 and taught in Catholic schools in Harahan, New Orleans and New Roads.

Sister Ileana also pronounced first vows in 1967 in San Antonio and taught in Catholic Schools in San Antonio and New Orleans and worked in parish ministry in New Orleans and Baton Rouge.

Catholic Charities helps Andrew victims

Catholic Social Services is soliciting cash donations to be used in long-term assistance through its local charity affiliates scattered throughout the

hurricane disaster area, both in Florida and Louisiana.

In South Mississippi there is an awareness that as the months go by and the initial

response by the public and private national relief agencies moves on, it is the local charities that will be left to deal with the long-term effects of the relief work.

Catholic Charities/USA Disaster Response donations will be used to help the local charity affiliates cope with the long-term needs.

Catholic Charities USA and the American Red Cross have a statement of understanding which invites a special cooperation in implementing long-term recovery.

Those who wish to contribute should contact Disaster Response, Catholic Charities USA, 1731 King Street, Suite 200, Alexandria, VA 22314.

OLG hosts 'Respect Life' rally

Our Lady of the Gulf will host a "Respect Life" rally Wednesday at 7 p.m.

Speakers include Beth Riley, director of Right to Life for the Catholic Diocese of Biloxi; Celeste Frouin, welfare officer for Hancock County; J. Fleuriot, AA drug abuse; Ann Ladner, unemployment office; and Bay St. Louis Police Officer Don Ocho.

Following each speech, a decade of the rosary will be prayed.

After the service, a potluck supper will be held at Bay Catholic Elementary School, along with a baby shower to benefit the Pregnancy Care Center.

The public is invited to attend.

FAITH SAYS A HANDICAP IS A CHALLENGE TO OVERCOME IT

"God was with him, And delivered him out of all his afflictions."

—Acts 7:9,10

Although the world is full of suffering, it is also full of the overcoming of it.

—Helen Keller

Physical handicaps come in many forms, and so do the opportunities for overcoming them, even in sports. There are blind skiers, as well as one-legged skiers and mountain climbers. Those confined to wheelchairs have many chances to join in athletic events. Moreover, there are other avenues of achievement for the handicapped besides sports. Everyone knows of the incredible accomplishments of the paralyzed young woman artist who learned to paint beautiful pictures with a brush held in her teeth. Handicapped employees are dedicated to their work, determined to be worthy of the trust placed in them. God gave man the ability to perform to his fullest potential, with an added boost if he has a handicap to overcome. So let us thank Him for this extra love He confers, wherever it is needed.
